- Beginning of the new trimestre 2024

Compared to September 2023, the number of enrolled students has increased. The admission for the new semester is still ongoing, and many families continue to visit the school and enroll. Some classes have already had the waiting list.

Mme Rochegude will leave school, and will be replaced by M. Benjamin Ducouret. Mme Erjana Kurti will leave school and will be replaced by Mme Sara Bovais.

In order to meet the increased number of secondary classes, we have created some new postes:

- Librarian: Mme Florie Jager
- Secondary English Teacher: Mme Florie Jager
- Middle school French/Latin Teacher: M. Thomas Amouyal
- CPE: M. Sven Castelain
- Référent EFE3D: M. Brice Massaux
- School Nurse: Mme Virginie Legrand

- News of the beginning of new trimester 2024

- School has changed its name, it's Lycée Français International de Canton (LFIC)
- Starting from September 2024, kindergarten parents must accompany their children to enter classes every morning. The school's opening hours remain unchanged: 8:20 am to 8:30 am. Teachers will accompany students out at the end of the day.
- The national assessment will cover all levels from CP to la seconde.

- The high school schedule has been changed. The course will start at 8:25am instead of 8:30am. The amendment of the internal rules has been voted and confirmed.
- The class of seconde will no longer working with CNED, LFIC is a candidate of certifying the class of seconde.
- The Sports Association (AS) will open in the autumn. 14 students have registered
- The AES will commence at the second week of the new trimester, which starts on 10th of September.
- Middle school students will have a communication book for daily communication and management of school life. Mr. Castellan will serve as a Senior Education Advisor. Students also participated in the competition of the design of this book and Ms. Athena Zhang and Ms. Morgan Dannay won the competition.

- Internal Rules

Two new Internal Rules (one is a primary rules and the other is a secondary rules, developed and studied by all relevant institutions) have been sent to all concerned members 10 days before the management committee for them to study for discussion.

The members did not raise any questions, and the two rules of procedure were unanimously voted on.

These regulations have been passed and will be implemented on September 1, 2024.

- AES

Mme Ma have resumed that the AES of Trimestre 3 have increased both its registrations and its options.

- Results of the admission to universities.

Our Terminale students have been accepted by all the universities that they applied, summarized as follows:

- Construction Projects

In the summer, two prefabricated units will be installed as two classrooms for middle school students to cope with the increased demand in enrollment in middle and high school and to provide students with more learning options.

We will repaint the wall in our public area (corridor), and the middle school storage cabinet will be moved upstairs. All primary school classes will be on the first floor.

We will equip sanitary napkin dispensers in the girls' toilets of Middle school.

Questions of parents :

Kindergarten :

Are you going to change the supplier of canteen?

- ➔ The school canteen is an optional and outsourced service that school provides to its families. Currently, just like at the end of each academic year, all issues related to the organization have been studied.

Secondary :

Can you regularly spray insecticides or use electric mosquito repellent diffusers to kill mosquitoes both inside and outside of school?

- ➔ The school has regularly sprayed insecticides with external suppliers within the school. Unfortunately, for the safety of employees and students, we do not allow for an increase in frequency and use an electric mosquito repellent diffuser.
- ➔ The outside area of the school is not part of the school, and we have no right to use insecticide spraying in public places.

Can you arrange your class schedule better so that students have a more compact schedule at school without breaks, and have free time on Wednesday afternoons?

- ➔ Middle school and high school are not primary schools. All our secondary school classes have additional options and one teacher for each subject. It is impossible to

have a free afternoon and a personalized time table. In the French education system permanence is a time slot in the time table that allows students to study independently, complete assignments, catch up with courses... When teachers are not available, they provide mandatory work to be completed within the course schedule.

Is there enough registration to open AS ?

➔ Yes, the Sports Association will open in the fall 2024 with 14 students.
